

Emery - Fix Me

Tom: C

We've all got something to say,
 when we open our mouths we have someone to blame
 We all have demons to face.
 Situations evolve into something we can't explain

Fill in: Em C G D

It's like a thorn in my mind
 Digging deeper and deeper and killing the love that it finds
 My hearts a complex machine
 When it breaks it takes more
 than the doctors and technology to

Refrão:

Fix me, can you fix me?
 I've been waiting so long to feel this heartbeat
 Will we ever really believe?
 We're just caught in the thought that we're said to be free

VERSE: same chord pattern

Last night, a gift to repay

With a handful of money, and words we can say
 There is no proper remark to be made that can change
 and determine who we really are

Refrão: (Em C G D)

Fix me, can you fix me?
 I've been waiting so long to feel this heartbeat
 Will we ever really believe?
 We're just caught in the thought that we're said to be free

Screaming at the top of my lungs
 Does it make me understand what you've done?
 How could I ever question you?
 How could I ever doubt what you do?
 Maybe this will tear me apart
 But maybe I'll go back to the start
 And honestly I can't believe that this is really happening

Refrão: (C G D Am)

Fix me, Jesus, fix me
 I've been waiting so long to feel this heartbeat
 Will we ever really believe?
 We're just caught in the thought that we're said to be free
 Fix me, Father, fix me
 I've been waiting so long to feel this heartbeat
 Will we ever really believe?
 We're just caught in the thought that we're said to be free
