

Emezie - Golden Girl

tom: [Primeira Parte]

Every day, people came
To see the girl without any name
Whose only claim to grace and fame
Was a smile that put the sun to shame

[Refrão]

Golden girl, golden smile
Please don't go, please stay a while
'Cause I have walked a thousand miles
For the golden girl, golden smile

[Segunda Parte]

The desperate ones would come to believe
In the one whose smile could cure th?ir needs
The poor, the lost, the unh?althy
Would see her smile and leave wealthy

[Refrão]

Golden girl, golden smile
Please don't go, please stay a while
'Cause I would walk a thousand miles
For the golden girl, golden smile

For the golden girl, golden smile

[Terceira Parte]

They say her smile was a gift from God
And that Shiva, Buddha, and Zeus were involved
Well, I don't care whose faith you believe
As long as she believes in me

[Refrão]

Golden girl, golden smile
Please don't go, please stay a while
'Cause I would walk a thousand miles
For the golden girl, golden smile

[Quarta Parte]

But when she cries, when she cries
A single tear could fill the size
Of a million tears from a million eyes
Please don't go, girl, please don't cry

[Refrão]

Golden girl, golden smile
Please don't go, please stay a while
'Cause I would walk a thousand miles
For the golden girl, golden smile
