

Emil Bulls - Dancing On The Moon

Tom: F

We're all cast in the same tragedy
 Most of us never achieved
 A lifetime award
 The clocks are ticking the seconds away
 So were getting closer each day to our last curtain call
 If I had one wish fulfilled
 Tonight I wanna sing with you
 No matter if we're out of tune
 Tonight we'll end up dancing dancing dancing on the moon
 All the thoughts are running in circles again
 What will we get in the end
 We're waiting and dreaming
 All hopes are melting like ice in the sun
 To run dry like a whale in the sand
 The sand of a lonesome desert
 If I had one wish fulfilled
 Tonight I wanna sing with you

No matter if we're out of tune
 Tonight we'll end up dancing dancing dancing on the moon
 Tonight I wanna sing with you
 No matter if we're out of tune
 Tonight we'll end up dancing dancing dancing on the moon
 Tonight we will break free
 Tomorrow we'll be kings and queens
 Forever they will sing about us
 Oh-oh-oooh oh-oh-oooh oh-oooooooooh-oh
 Oh tonight
 Tonight I wanna sing with you
 No matter if we're out of tune
 Tonight we'll end up dancing dancing dancing on the moon
 Tonight I wanna sing with you
 No matter if we're out of tune
 Tonight we'll end up dancing dancing dancing on the moon
 oh-oooooooooh-oh
 Oh-oh-oooh oh-oh-oooh oh-oooooooooh-oh
