

# Emil Bulls - Dancing On The Moon

Tom: F

We're all cast in the same tragedy  
 Most of us never achieved  
 A lifetime award  
 The clocks are ticking the seconds away  
 So were getting closer each day to our last curtain call  
 If I had one wish fulfilled  
 Tonight I wanna sing with you  
 No matter if we're out of tune  
 Tonight we'll end up dancing dancing dancing on the moon  
 All the thoughts are running in circles again  
 What will we get in the end  
 We're waiting and dreaming  
 All hopes are melting like ice in the sun  
 To run dry like a whale in the sand  
 The sand of a lonesome desert  
 If I had one wish fulfilled  
 Tonight I wanna sing with you

No matter if we're out of tune  
 Tonight we'll end up dancing dancing dancing on the moon  
 Tonight I wanna sing with you  
 No matter if we're out of tune  
 Tonight we'll end up dancing dancing dancing on the moon  
 Tonight we will break free  
 Tomorrow we'll be kings and queens  
 Forever they will sing about us  
 Oh-oh-oooh oh-oh-oooh oh-oooooooooh-oh  
 Oh tonight  
 Tonight I wanna sing with you  
 No matter if we're out of tune  
 Tonight we'll end up dancing dancing dancing on the moon  
 Tonight I wanna sing with you  
 No matter if we're out of tune  
 Tonight we'll end up dancing dancing dancing on the moon  
 oh-oooooooooh-oh  
 Oh-oh-oooh oh-oh-oooh oh-oooooooooh-oh
