

Emílio Santiago - ...E MUITO MAIS

Tom: G

Daqui pra frente vai ser tudo diferente

0 tempo esquenta, e, de repente, tanto faz

0 meu amor, com certeza, é muito louco

De tudo um pouco eu quero tudo e muito mais

Quero tapar a luz do sol com a peneira

Ser andorinha desgarrada no verão

Vou construir lindos castelos de areia

E caminhar sobre as águas da paixão

Daqui pra frente vai ser tudo diferente

0 tempo esquenta, e, de repente, tanto faz

0 meu amor, com certeza, é muito louco

De tudo um pouco, eu quero tudo e muito mais

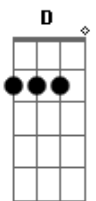

Apague a luz e ponha lenha na fogueira

Me dê um beijo pra esquentar meu coração

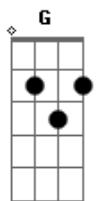

Vê se me entende e pega fogo o meu desejo

Na lua cheia de São Jorge sou dragão
