

# Emílio Santiago - Saigon

tom:

Intro: D

Tantas palavras meias palavras  
 Nosso apartamento um pedaço de Saigon  
 Me disse adeus no espelho com batom

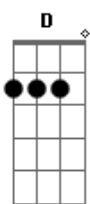

Vai minha estrela iluminando  
 Toda esta cidade como o céu de luz neon  
 Seu brilho silencia todo som

As vezes você anda por aí  
 Brinca de se entregar sonha pra não dormir

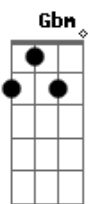

E quase sempre eu penso em te deixar  
 E é só você chegar pra eu esquecer de mim

Anoitecer olho para o céu e vejo como é bom  
 Ver as estrelas na escuridão  
 Espero você voltar pra Saigon
