

# Emily James - Fools & Jokers

Tom: E

Your probably three girls over this  
 But your lips are last I've kissed  
 And that was months ago  
 Running round all alone  
 Got nothing with me but the ghost  
 Of your love woes  
 I thought that you were the one  
 I was foolish, I was young oh  
 I still am  
 But fools and jokers are the same  
 You took my heart with your ace  
 I never stood a chance  
 You had me believe, I was your queen  
 In a paper dress and a plastic crown  
 Look at our kingdom now  
 Look at it coming down  
 For awhile it was good  
 We sparked a fire with what we could  
 And it kept us warm but  
 With the heat came the smoke I couldn't see

I didn't know you were building more  
 I thought that you were the one  
 I was foolish, I was young oh  
 I still am  
 But fools and jokers are the same  
 You took my heart with your ace  
 I never stood a chance  
 You had me believe, I was your queen  
 In a paper dress and a plastic crown  
 Look at our kingdom now  
 Look at it coming down  
 You kissed me like it was love  
 Held me like I was in love  
 I fell for everything  
 You left me there on the ground  
 Walked away without a sound  
 You still think your the king  
 You had me believe, I was your queen  
 Blessed my head with a plastic crown  
 Look at our kingdom now  
 Look at me tear it down  
 Look at me tear it down
