

Emily James - Fools & Jokers

Tom: E

Your probably three girls over this ^{Gm B Gm}
 But your lips are last I've kissed ^{D A}
 And that was months ago
 Running round all alone ^{Gm}
 Got nothing with me but the ghost ^{D A}
 Of your love woes ^E
 I thought that you were the one ^{Gm}
 I was foolish, I was young oh ^{D A}
 I still am ^E
 But fools and jokers are the same ^{Gm}
 You took my heart with your ace ^{D A}
 I never stood a chance ^E
 You had me believe, I was your queen ^{Gm D}
 In a paper dress and a plastic crown ^{A E}
 Look at our kingdom now ^{Gm D A E}
 Look at it coming down
 For awhile it was good ^{Gm}
 We sparked a fire with what we could ^{D A}
 And it kept us warm but ^E
 With the heat came the smoke I couldn't see ^{Gm D}
^{A E}

I didn't know you were building more
 I thought that you were the one ^{Gm}
 I was foolish, I was young oh ^{D A}
 I still am ^E
 But fools and jokers are the same ^{Gm}
 You took my heart with your ace ^{D A}
 I never stood a chance ^E
 You had me believe, I was your queen ^{Gm D}
 In a paper dress and a plastic crown ^{A E}
 Look at our kingdom now ^{Gm D A E}
 Look at it coming down
 You kissed me like it was love ^{Gm}
 Held me like I was in love ^D
 I fell for everything ^{A E}
 You left me there on the ground ^{Gm}
 Walked away without a sound ^D
 You still think your the king ^{A E}
 You had me believe, I was your queen ^{Gm D}
 Blessed my head with a plastic crown ^{A E}
 Look at our kingdom now ^{Gm D A E}
 Look at me tear it down ^{Gm D A E}
 Look at me tear it down ^{Gm D A E}
