

Emily Kinney - Molly

Tom: Bb

(com acordes na forma de G)

Capostrate na 3ª casa

Intro: G Em G Em

Oh I know about Molly 'cause she told my friend
 That she was hooking up with you on the weekend
 Guess those stories that you told me turned out not to be true
 You say you're done with Molly, well I am done
 With you, ooh ooh, ooh ooh, ooh ooh

Oh I know about Molly
 She likes to sing and get high
 She likes to kiss my boyfriend
 When he comes walking by
 Oh I know about Molly
 So just confess it out loud
 You're so guilt-stricken crying on the corner, do you feel better now?

Well you were working with Molly when you said she's just a buddy
 Never thought you were the type to fuck an understudy
 Molly's so naive she don't know wrong from right
 But when your girlfriend's out of town she's at your place all night
 Oh oh oh, NYU, La Guardia, she's so Broadway bound
 But she keeps taking shitty gigs that I turned down
 I hope you love her face, I hope you dig her voice
 You say you're done with Molly well I have made
 Another cho - oi - oi - oi - oi - oi - oice

Oh I know about Molly
 She likes to sing and get high
 She likes to kiss my boyfriend
 When he comes walking by
 Oh I know about Molly
 So just confess it out loud
 You're so guilt-stricken crying on the corner, do you feel better now?

Oh Molly you can have him you're much cooler than me
 I never liked staying up smoking weed 'til three
 So take my boots in his closet like you took my man
 It's clear you don't mind wearing things second hand
 And I'm not looking for a winner or a loser or a forfeit
 But my heart's in little pieces so I hope that it was worth it
 Hope you're happy together, 'cause I'm doing alright
 But you both should stay away from the lower east side

'Cause I know about Molly
 She likes to sing and get high
 She likes to kiss my boyfriend
 When he comes walking by
 Oh I know about Molly
 So just confess it out loud
 You're so guilt-stricken crying on the corner, do you feel better now?
 Do you feel better now?
 I hope you feel better now
