

# Eminem - The Real Slim Shady

Tom: **G**

Guitarra:

'Learn To Fly' tab by The Foo Fighters  
this is the best I could get just by hearing the live version on Jools Holland.

There are two guitars, and I think that maybe guitar 1 which plays the following chords is clean all the time, and i think the second guitar just keeps playing between B and Db octaves.

Chords used:

	B	Gb	E	G	A	D	B(octave)	C#(octave)
1:	2	2	0	3	0	5	x	x
2:	3	2	0	3	2	7	x	x
3:	3	3	1	4	2	7	4	6
4:	3	4	2	5	2	7	x	x
5:	2	4	2	5	0	5	2	4
6:	x	2	0	3	x	x	x	x

If you are just playing guitar 1's part, then i think it sounds better if you use power chords with distortion during the chorus. (**B Gb E** etc.)

Structure:

Verse:

all the verses are just

**B Gb E E** (clean)

Chorus:

**B Gb E E** (distorted/clean - whatever you like)

at the end of each chorus the climb back into the verse is:

**G A** (then back to verse)

there is another verse where he uses some kind of voice effect, I think the chords go like this:

or you can do this

OR you could do this :

and i think thats it. (all 3 would fit in i think)

Baixo:

Chorus and Intro

2x

Verse

4x On the 4th time keep hitting the **E** string

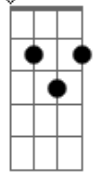

Part after Chorus

Chorus Variation

Bit at the end

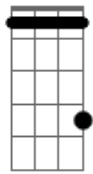

## Acordes

**G**
