

Emmerson Nogueira - Overkill

Tom: A

E I can't get to sleep
 D I think about the implications
 E Of diving in too deep
 D And possibly the complications
 E Especially at night
 D I worry over situations
 E I know will be alright
 D Perhaps it's just imagination

Refrão:

Dbm Day after day it reappears
 Dbm Night after night my heartbeat shows the fear
 Ab4 Ab A7 D Ghosts appear and fade away

E Alone between the sheets
 D Only brings exasperation

E It's time to walk the streets
 D Smell the desperation
 E At least there's pretty lights
 D And though there's little variation
 E It nullifies the night
 D From overkill
