

# Emmerson Nogueira - Overkill

Tom: A

E I can't get to sleep  
 D I think about the implications  
 E Of diving in too deep  
 D And possibly the complications  
 E Especially at night  
 D I worry over situations  
 E I know will be alright  
 D Perhaps it's just imagination

Refrão:

Dbm Day after day it reappears  
 Dbm Night after night my heartbeat shows the fear  
 Ab4 Ab A7 D Ghosts appear and fade away

E Alone between the sheets  
 D Only brings exasperation

E It's time to walk the streets  
 D Smell the desperation  
 E At least there's pretty lights  
 D And though there's little variation  
 E It nullifies the night  
 D From overkill
