

Emmerson Nogueira - Radio Ga Ga

Tom: G

Intr.: D Em G Em G D

I sit alone and watch your light
 My only friend through teenage nights
 And everything I had to know
 I heard it on my radio
 You gave them all, those old time stars
 Through wars of worlds invaded by Mars
 You made them laugh, you made them cry
 You made us feel that we could fly (radio)
 So don't become some background noise
 A backdrop for those girls and boys
 Who just don't know or just don't care
 And just complain when you're not there
 : You had your time, you had your power
 : You've yet to have your finest hour
