

Enação - Filho da Terra

Tom: D

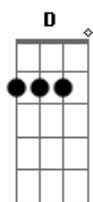

m

Prove, Encha de alcatrão
 O sangue
 E as veias
 Prenda, sufoque o pulmão
 Vermelho
 Que é cadeia
 Quero saber o que é o carvão
 O que é o ar do coração
 Sou filho da terra

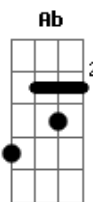

Fujo pro ar

Quando a vida leva (2x)
 E se sou incapaz de me asfixiar
 Não consigo parar de viver
 A vontade da espaço pra o que eu vou ser
 O ego ainda vai nos matar
 Quero saber o que é o carvão
 O que é o ar do coração
 Sou filho da terra
 Fujo pro ar
 Quando a vida leva
