

Eri Santos - Love And Freedom

Tom: G

I'm going to regain my strength
 There is long time ago I lost
 My dream, little by little it goes away
 Why do they still kill the heart?
 Nothing kills hate and destruction
 When you love get free
 All love start free free

I miss feelings and emotions
 Why do they still kill the heart?
 Nothing kills hate and destruction
 When you love get free
 All love start free free
 Leave the rolling stones
 With love and freedom
 Leave the rolling stones
 With love and freedom
