

# Eri Santos - Love And Freedom

Tom: G

I'm going to regain my strength  
 There is long time ago I lost  
 My dream, little by little it goes away  
 Why do they still kill the heart?  
 Nothing kills hate and destruction  
 When you love get free  
 All love start free free

I miss feelings and emotions  
 Why do they still kill the heart?  
 Nothing kills hate and destruction  
 When you love get free  
 All love start free free  
 Leave the rolling stones  
 With love and freedom  
 Leave the rolling stones  
 With love and freedom
