

Eri Santos - Minha Amiga

Tom: G

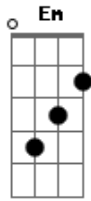

Minha amiga você não ver
 Que o tempo transformou você
 Garota insensata dos olhos sensuais
 Gosta das prais do carro do ano e dos festivais
 Mas para mim você não mudou

Continua a mesma daquele dia daquele dia
 As vezes seus gestos meio indiferentes
 Fazem lembrar os de antigamente antigamente antigamente
 Minha amiga você não ver seria tão simples
 Simplesmente querer ter um ideal
 E o realizar só que na vida
 Ninguém se realiza sem antes amar
