

# Eri Santos - The Veil

Tom: G

Religions, what is the key that opens the veil?  
 Because money, opened the door of hell !  
 Religions, what is the key that opens the veil?  
 Because money, opened the door of hell !  
 Your solution, is wrong  
 Your brother, is on sidewalk  
 Your obsession, for power will fail

In the end, you're not you anymore  
 Angels die, also feel pain  
 In the end, you not understand what is love  
 Religions, what is the key the opens the veil?  
 Because money, opened the door of hell  
 Religions, what is the key that opens the veil?  
 Because money, opened the door of hell !  
 I'm the feeling in you.
