

# Eric Clapton - Another Ticket

Tom: C

I wanted to play this song for a while, but there was no tab so I finally figured it out myself. There isn't audible guitar a lot of the time in this song. For those times I just use arpeggiation on the chord. The patterns I give are the ones actually used in the song.

Intro:

D(same as above)

Why can't it stay like this forever?

Why does it always have to change?

G(same as above)

Everytime you think you've paid the price  
It seems you've always got to pay it twice.  
Everytime you think your near the end  
You turn around and find another ticket.

Oh my love, time is running out  
Oh my love, time is running out.

and so on...
