

# Eric Clapton - Marry You

Tom: G

Intro: Em7 Am7

Em7 Am7 Bm7  
 It's the sugar so sweet, Kind I'd like to meet  
 You at midnight And tell no one else about it.  
 I'm going to make you mine 'cause I know we've got the time  
 Now and then, baby. Hey, I want you to know,

Em7  
 I want to marry you.  
 Isn't that what you want, too?  
 I want to marry you.  
 Isn't that what you want, too?

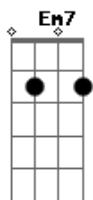

Em7 Am7 Bm7  
 Bm7 Am7

Come on in the back of the '57. Let me show you the way, the way to heaven.  
 You're looking so sweet, yes you are. I'm sure that you've got some heat.  
 I've got you on my mind You know you've got my time  
 Now and then, baby. Hey, I want you to know,  
 I want to marry you.  
 Isn't that what you want, too?  
 I want to marry you.  
 Isn't that what you want, too?  
 You make all my dreams come true. I'm falling in love with you.  
 I'm falling in love with you.
