

## **Eric Clapton - Promises**

```
Tom: G
I don't care if you never come home
I don't mind if you just keep on rowin' away on a distant sea
'Cause I don't love you and you don't love me
                                                                     La la,
You cause a commotion when you come to town
You give 'em a smile and they melt
Having lovers and friends is all good and fine

C

G
But I don't like yours and you don't like mine
(Vocalização e Guitarra)
         la la la la
          Bm
        la la la la la
I don't care what you do at night
Oh, and I don't care how you get your delights
I'm gonna leave you alone and I'll just let it be \stackrel{\mbox{\scriptsize D}}{\mbox{\scriptsize C}}
I don't love you and you don't love me
                                                                     La la,
I got a problem
Can you relate?
                                                                     La la,
I got a woman callin' love hate
                                                                     La la,
```

## **Acordes**

We made a vow we'd always be friends
How could we know that promises end?
 (Vocalização e Guitarra)
                                                la la la la la
 I tried to love you for years upon years
 You refuse to take me for real
It's time you saw what I want you to see \begin{tabular}{c} \begin{t
 And I'd still love you if you just loved me
I got a problem
