

Eric Nam - Love Die Young

tom:
 B (forma dos acordes no tom de G)
 Capotraste na 4ª casa

What happens when it's over
 When we've breathed our last breath
 And we've loved each other to death
 Can you tell me what happens?

I wonder where the love goes
 When pleasure turns to pain
 When the memories fade away
 Can you tell me what happens?

Flowers in your hair now on our grave
 A little bit of pressure's all it takes
 Shoulda known we'd shatter that we'd break, break

Maybe I'm the one that we should blame
 For never thinking we'd end up this way
 I don't need answers, I need you to stay
 Stay

Please don't let this love die young
 Please don't let this love die young
 If I'm gonna lose someone
 Don't let it be you

Please don't let this love die young
 Please don't let this love die young
 If I'm gonna love someone
 Then let it be you

In my dreams we're growing older
 But I wake up to the truth
 That I'm scared we're gonna lose
 Tell me it won't happen

So before it's really over
 Can we have a little faith
 Baby say it ain't too late
 It's all that I'm asking

Maybe I'm the one that we should blame
 For never thinking we'd end up this way
 I don't need answers, I need you to stay
 Stay

Please don't let this love die young
 Please don't let this love die young
 If I'm gonna lose someone
 Don't let it be you

Please don't let this love die young
 Please don't let this love die young
 If I'm gonna love someone
 Then let it be you

Please don't let it die
 Please don't let it die
 Please don't let it die young

Flowers in your hair now on our grave
 A little bit of pressure's all it takes
 Shoulda known we'd shatter that we'd break

Please don't let this love die young
 Please don't let this love die young
 If I'm gonna lose someone
 Don't let it be you

Please don't let this love die young
 Please don't let this love die young
 If I'm gonna love someone
 Then let it be you
