

Eric Pasley - She Dont Love You

Tom: G
Intro: G C G C

She don't love you she's just lonely
 She wasn't once upon a time
 She used to dance when the band played
 She used to be the trusting kind
 She's no stranger to the leaving
 She's heard all the best goodbye's
 Loving has a different meaning
 To her you're just another guy
 She don't love you she's just lonely
 She don't know another way
 To break free of what's been broken
 To many cowboys roll away
 So forgive her if she's distant
 She can't tell her heart to lie, noooo
 You'll never be her one and only
 She don't love you she's just lonely
 (G C G)
 You can hold her in the moonlight
 You can give her all the stars

You can promise her forever
 But you'll never have her heart
 She don't love you she's just lonely
 She don't know another way
 To break free of what's been broken
 To many cowboys roll away
 So forgive her if she's distant
 She can't tell her heart to lie, nooo
 She'll never be your one and only
 She don't love you she's just lonely.
 She don't love you
 She don't love you
 She's just lonely
 She wasn't once upon a time
 I remember her in the sunlight
 I remember her
 She was
 Mine
 Mine
