

Espelho da Alma - Natureza, Lição de Amor

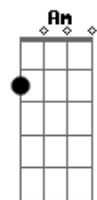

Tom: G

Pá parará parará parará pararáá

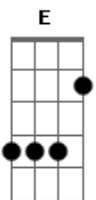

Sol, alegria, deixe a luz ser a canção
 Vida, harmonia, tudo é belo na criação
 Ah, se eu pudesse sentir-me assim sempre!
 Parte integrante dessa renovação
 A natureza, eterna comunhão com o céu
 (com o céu, com o céu, com o céu)

Noite, lua nova, nova chance para entender
 Como conquistar as estrelas sem se perder
 Logo cai a chuva trazendo um novo clima
 Terra molhada, nova lição de amor
 A natureza, eterna comunhão com o céu
 (com o céu, com o céu, com o céu)
 Com o céu... (com o céu, com o céu, com o céu)
