

Essy - Don't Hurt

Tom: G

Don't hurt if you don't know

Gb7

Don't hurt if you don't

D

Don't hurt if you don't know

Gm7 Gbm

Losing myself in champagne

Bm

It always pours, but never rains

Even when I'm coming down

You hate when I go away

I miss your calls, but not your face

Even when it's in the clouds

Lovin' every second

I guess I forgot to mention

That it's so good, it's so good

I wanna tell you everything about it

But I don't know if I should

Don't hurt if you don't know

Don't hurt if you don't know

Don't hurt if you don't

That it's so good, it's so good

I wanna tell you everything about it

But I don't know if I should

Don't hurt if you don't know

Don't hurt if you don't know

Don't hurt if you don't

That it's so good, it's so good

I wanna tell you everything about it

But I don't know if I should

Don't hurt if you don't know

Don't hurt if you don't know

Don't hurt if you don't

That it's so good, it's so good

I wanna tell you everything about it

But I don't know if I should

Don't hurt if you don't know

Don't hurt if you don't know

Don't hurt if you don't

That it's so good, it's so good

I wanna tell you everything about it

But I don't know if I should

Don't hurt if you don't know

Don't hurt if you don't know

Don't hurt if you don't

That it's so good, it's so good

I wanna tell you everything about it

But I don't know if I should

Don't hurt if you don't know

Don't hurt if you don't know

Don't hurt if you don't

That it's so good, it's so good

I wanna tell you everything about it

But I don't know if I should

Don't hurt if you don't know

Don't hurt if you don't know

Don't hurt if you don't

That it's so good, it's so good

I wanna tell you everything about it

But I don't know if I should

Don't hurt if you don't know

Don't hurt if you don't know

Don't hurt if you don't

That it's so good, it's so good

I wanna tell you everything about it

But I don't know if I should

Don't hurt if you don't know

Don't hurt if you don't know

Don't hurt if you don't

That it's so good, it's so good

I wanna tell you everything about it

But I don't know if I should

Don't hurt if you don't know

Don't hurt if you don't know

Don't hurt if you don't

That it's so good, it's so good

I wanna tell you everything about it

But I don't know if I should

That it's so good, it's so good

I wanna tell you everything about it

But I don't know if I should

Don't hurt if you don't know

Don't hurt if you don't know

Don't hurt if you don't

Lie to your face you only call to see if I'm alone

Don't hurt if you don't know

Don't hurt if you don't know

Don't hurt if you don't

Lie to your face you only call to see if I'm alone

Don't hurt if you don't know

Don't hurt if you don't know

Don't hurt if you don't

You hate the way, I always say I'll call you

Tomorrow

Don't hurt if you don't know

Don't hurt if you don't

Don't hurt if you don't know

Don't hurt if you don't

Don't hurt if you don't know

Don't hurt if you don't

Don't hurt if you don't know

Don't hurt if you don't

Don't hurt if you don't know

Don't hurt if you don't

Don't hurt if you don't know

Don't hurt if you don't

Don't hurt if you don't know

Don't hurt if you don't

Don't hurt if you don't know

Don't hurt if you don't

Don't hurt if you don't know

Don't hurt if you don't

Don't hurt if you don't know

Don't hurt if you don't

Lovin' every second

I guess I forgot to mention

That it's so good, it's so good

I wanna tell you everything about it

But I don't know if I should

Don't hurt if you don't know

Don't hurt if you don't know

Don't hurt if you don't

That it's so good, it's so good

I wanna tell you everything about it

But I don't know if I should

Don't hurt if you don't know

Don't hurt if you don't know

Don't hurt if you don't

Don't hurt if you don't know

Don't hurt if you don't

Lie to your face you only call to see if I'm alone

Don't hurt if you don't know

Don't hurt if you don't know

Don't hurt if you don't

Don't hurt if you don't know

Don't hurt if you don't

You hate the way, I always say I'll call you tomorrow

Don't hurt if you don't know

Don't hurt if you don't know

Don't hurt if you don't

Don't hurt if you don't know

Don't hurt if you don't

Don't hurt if you don't know

Don't hurt if you don't

Don't hurt if you don't know

Don't hurt if you don't

Don't hurt if you don't know

Don't hurt if you don't

Don't hurt if you don't know

Don't hurt if you don't

Don't hurt if you don't know

Don't hurt if you don't

Don't hurt if you don't know

Don't hurt if you don't
