

# Esteban - Malaguena Rumba Intro

Tom: **F**

NOTE: after each string you pick it must be followed by open plucking 1st string

{ **Em** } { **Am** } {last 2 notes are back in **Em** }

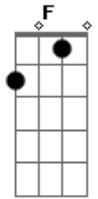

just something fun to play and girls seem to dig it so its all good!!

very easy more of a spanish guitar song, sounds awesome on steelstring ac. but

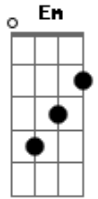

just as good on electric too so jam out.

(its the song they play in desperado with Antonio banderas<br/>also the opening song for<br/>new movie 'carlito's way, rise to power, which in that version<br/>they have each string<br/>cool)
