A G A F - A G F E

Hey baby
 Look at me
 I live my dream
 Can't you see?

Little Honey
 Just love me
 My sound is loud
 Strong and free

Feel the beat
 And close your eye
 She is like a ray shining
 Across the sky

My blood burns
 I lose my mind
 I cross the line

To the other side

Chorus:

C G
 I carry on
 A riff
 And just let it be
 C G
 Me and my friends
 A
 Living our destiny

My soul is light
 My body jumps
 The energy runs
 Loose through my veins

Scream a little
 Let your voice go
 We can make the walls
 Shudder now

This is our turn
 Let's go again
 We are strong
 And so we remain

Come closer
 Call your friends
 Enjoy this moment
 It can be your last
