In the darkness

In the city lights

She was by my side

Small drops

Hands loose

And the radio sounding

Crazy kitten smile

Charming talk

She knew how to catch me

Black Holes

Science and films
D
I think I can stay

I feel good next to her

I wanna be more
C G
Maybe I, I need
D A
More of her in me

A
Hours lost
G
Empty streets

Confusion everywhere

A
The world stopped
G
My heart stronger
D
And I don't feel the ground

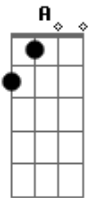

A
Squares and banks
G
Bright Lights
D
The road to happiness

A
Hair in the wind
G
My despair
D
She really caught me
