My love is growing stronger, as you become a heaven to me
                                                               I don't wanna stop now
Oh I've been loving you too long

With you my life,

I can't stop now

There were times and your love is growing cold
                                                               I love you with all of my heart
My love is growing stronger as our affair {affair} grows old
                                                               And I can't stop now
