

Europe - In My Time

```
Tom: C
  Am
I found the strength
I'm breathing again
And I've told myself
          G Am
I'm still a lucky man
'Cause when I thought I couldn't start anew
           Dm
When it's dark a light shines through
In my time
, I got to love you
You showed me how
  G
Just how good life can be
Looking back now
      G
It's almost hard to believe
I'll move ahead, you know, I'll do my best
And through it all, I know I'm blessed
'Cause in my time
         Am
I got to love you
I never needed someone
Like I need you right now
```

```
Just when my new life's begun
Something reminding me you'll always be the one
          Dm
                        C G Am
So I pick myself up and I won't let you down
'Cause in my time
I got to love you
I take good care of what's left behind
                  Am
I hope it gives you some piece of mind
Right now it's tough,
                        but I swear that
                         Am
I'm forever glad you were mine
