

Europe - New Love In Town

tom:

Intro: Em C D C

Nothing looks quiet the same
 I see people and places in the moonlight again
 There's a grace ascendent to a broken sky
 Now I know, there's a reason why
 I feel so alive

Cause tonight, there's a new love in town
 Waking emotion, I thought I'd never find
 Yes, tonight how you turn it around
 I want to tell the whole world
 There's a new love in town

Spareless dreams, kind of lone
 Always held my head up high
 Little that I know
 Then my rose turned it reality
 It soon fall apart

Just I'm holding you gently
 There's a hole in my heart
 A might of the dark

So tonight, there's a new love in town
 Waking emotion, I thought I'd never find
 Yes, tonight how you turn it around
 I want to tell the whole world
 There's a new love in town

And everyone I met has made me what I am today
 And every choice I've made has led me here today
 And every time I see your face
 I find my way

Yes, tonight, there's a new love in town
 Waking emotion, I thought I'd never find
 Yes, tonight how you turn it around
 I want to tell the whole world
 There's a new love in town
