Cuse if you got to steal, you got to
 steal the show

I`ts the spirit of the underdog

And if you got to breake, you got to
 breake them all

I`ts the spirit of the underdog

Then Play the verse and chorse one more time

Then play this riff before the solo:

Verse:

Solo:

Seen you round I know your face,
 to grow up with grace

Watch you trie

But the second time you play the chorse you you play this
 along (With wha-wha somewear):

Seen That heart, out on your sleeve
 much life,

Like it so

Then Finish the song with:

you dying to feel

Dying to feel
