

Eurythmics - There Must Be An Angel (playing With My Heart)

```
Playing with my heart
Intro: Dm
                         Am
                                                                                    Dm
Nda da da da dadn da
                          da da da da
                                                                And when I think that I'm alone
                      G
                                Fh
                                                                                               Δm
Nda da da da dadn da
                          da da da da
                                                                It seems there's more of us at home
                                                                It's a multitude of angels
No-one on earth could feel like this
                                                                And they're playing with my heart
I'm thrown and overblown with bliss
                                                                Must be talking to an angel
                                                                                               Must be talking to an angel
There must be an angel
                                                                Must be talking to an angel
                 Fh
Playing with my heart
                                                                                               Must be talking to an angel
I walk into an empty room
                                                                Must be talking to an angel
                                                                Must be talking to an angel
                            Am
And suddenly my heart goes "boom"
                                                                                                                            C
                                                                                             Ab
It's an orchestra of angels
                                                                Must be talking to an angel
                                                                                               Must be talking to an angel
                                                                Must be talking to an angel
And they're playing with my heart
Must be talking to an angel
                               Must be talking to an angel
                                                                Must be talking to an angel
                                                                                              Must be talking to an angel
Must be talking to an angel
                                                                Must be talking to an angel
Must be talking to an angel
                               Must be talking to an angel
                                                                I must be hallucinating
Must be talking to an angel
                                                                Watching angels celebrating.
                                                                Could this be reactivating
Must be talking to an angel
                               Must be talking to an angel
Must be talking to an angel
                                                                All my senses dislocating?
                                                                                D
                                                                This must be a strange deception
Must be talking to an angel
                              Must be talking to an angel
Must be talking to an angel
                                                                By celestial intervention.
                                                                Leavin' me the recollection
No-one on earth could feel like this
                                                                Of your heavenly connection.
I'm thrown and overblown with bliss
                                                                Solo:
There must be an angel
                                                                Dm G Am F
                                                                F G Eb C (2X)
                 Eb
