

# Evanescence - Catherine

Tom: F

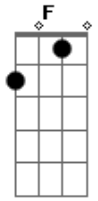

I know a secret something still belongs to me  
 I'm not afraid of those who killed their bodies  
 For still they cannot? kill kill their soul

You may beat me down  
 Just denying the truth  
 But you can't kill the me in you

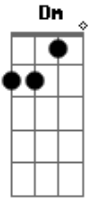

Dreams are illusions  
 They fade away before we can catch them  
 Promises that may be broken, dreams we'll forget  
 But what birthed in you cannot die

You may beat me down  
 Just denying the truth  
 But you can't kill the me in you
