 20 bucks should get me through the week

 Never said a word of discontentment

 Fought it a thousand times but now

 I'm leaving home

Here in the shadows

Fm G7 G7  
 I'm safe I'm free  
 Cm  
 I've nowhere else to go but  
 Fm G7 G7  
 I cannot stay where I don't belong

Two months pass by and it's getting cold  
 I know I'm not lost I am just alone  
 But I won't cry I won't give up I can't go back now  
 Waking up is knowing who you really are

Show me the shadow where true meaning lies  
 So much more dismay in empty eyes
