 My black backpack's stuffed with broken dreams

 20 bucks should get me through the week

 Never said a word of discontent

 Fought it a thousand times but now

 I'm leaving home

Here in the shadows

Fm G7 G7
 I'm safe I'm free
 Cm
 I've nowhere else to go but
 Fm G7 G7
 I cannot stay where I don't belong

Two months pass by and it's getting cold
 I know I'm not lost I am just alone
 But I won't cry I won't give up I can't go back now
 Waking up is knowing who you really are

Show me the shadow where true meaning lies
 So much more dismay in empty eyes
