

# Evanescence - Snow White Queen

Tom: G

(Neste ponto da música, só se ouve o som das pickups do DJ, mas tocando assim fica legal)

[Db C]  
 stoplight lock the door  
 don't look back  
 undress in the dark  
 and hide from you  
 all of you

[C D A]  
 You'll never know the way your words have haunted me  
 I can't believe you'd ask these things of me  
 you don't know me

[Refrão]

Em D C  
 You belong to me  
 Am Em  
 my snow white queen  
 D C Am  
 there's nowhere to run, so lets just get it over  
 Em D C  
 soon I know you'll see  
 Am Em  
 you're just like me

D C Am Em D  
 don't scream anymore my love, cause all I want is you

[Db C]  
 Wake up in a dream  
 frozen fear  
 all your hands on me  
 I can't scream, I can't scream

[C D A]  
 I can't escape the twisted way you think of me  
 I feel you in my dreams and I don't sleep  
 I don't sleep

[Refrão]

C Am  
 I can't save your life  
 D C Am  
 though nothing I bleed for is more tormenting  
 Em D C Am Em D  
 C Am  
 I'm losing my mind and you just stand there and stare as my  
 world divides

[Refrão]

[Em D]  
 all I want is you [3x]

## Acordes
