

Evanescence - Surrender

Is this real enough for you?
You were so confused
Now that you've decided to stay
We'll remain together
[You can't abandon me, you belong to me]

Breathe in and take my life in you
No longer myself only you
There's no escaping me

C D Em
My love, surrender...

Em D C
Darling there's no sense in running
You know I will find you
Everything is perfect now
We can live forever
[You can't abandon me, you belong to me]

Hands up, slowly, give in to...
