

Evergrey - In Orbit (feat. Floor Jansen)

tom:

Intro: Em D C Am
Em G D C

Em C Em
I'm caught here in this vacuum

G D Em
I'm fallen from a sunless sky

C D
I've red myself from value

Am D
And leave this emptiness behind

Em C
So I run, before it's over

Em G D
I run, but still I believe, it seems

Em C
I run, but not getting closer

Em G D
I run, to get away from this dream

Em C Em
I've been watching you from a distance

G D Em
I've been monitoring you from cloudless skies

C D
I've been calling your name just to ease your resistance

Am D
But nothing seems to shift your darkened sky

Em C
I run, before it's over

Em G D
I run, but still I believe, it seems

Em C
I run, but still I believe, it seems

I run, but not getting closer
Em G D G
I run, to get away from this dream

C D Em
I'm an orbit, stars exploding, when I call your name

G C
Here in the dark I'm lonely

D (Em)
You're my compass, the only reason to stay sane
