

# The Everly Brothers - Carol Jane

Tom: C

Carol Carol Carol Jane you're the one I love

Carol Carol Carol Jane came from above

Eyes of blue knows she's true

Carol Carol Jane I love a-love a-love her

You make me sing and joy you bring

I want our name to be the same Carol Jane

I want the world to know

That I still love you so

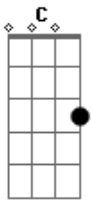

I love a-love a-love her

I love a-love a-love her

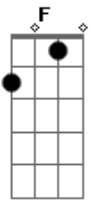

I love a-love a-love her

I love a-love a-love her
