

# The Everly Brothers - Don't Ask Me To Be Friends

Tom: G

After all we've been to one another  
 How can we become like sister and brother  
 Darling I beg of you if our love must end  
 Ask me to forgive you but don't ask me to be friends

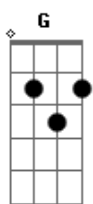

After bein' the one that you took pride in  
 I just couldn't be the friend you confide in  
 Ask me to forgive you but don't ask me to be friends

If it's goodbye for us we'll never meet again  
 Ask me to forgive you but don't ask me to be friends

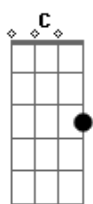

Wanting you so badly needing you like this  
 How can I just look at the lips that I used to kiss  
 If there's someone else don't let me see him  
 Cause I'll spend my life wishing I could be him

Darling I beg of you if our love must end  
 Ask me to forgive you but don't ask me to be friends
