

The Everly Brothers - Don't Ask Me To Be Friends

Tom: G

After all we've been to one another
 How can we become like sister and brother
 Darling I beg of you if our love must end
 Ask me to forgive you but don't ask me to be friends

After bein' the one that you took pride in
 I just couldn't be the friend you confide in
 Ask me to forgive you but don't ask me to be friends

If it's goodbye for us we'll never meet again
 Ask me to forgive you but don't ask me to be friends

Wanting you so badly needing you like this
 How can I just look at the lips that I used to kiss
 If there's someone else don't let me see him
 Cause I'll spend my life wishing I could be him

Darling I beg of you if our love must end
 Ask me to forgive you but don't ask me to be friends
