

# The Everly Brothers - Glitter And Gold

Tom: C

Girl I know what he can give you  
 Every single day you live  
 You will be wearing Paris gowns and diamond rings

There is nothing he can't buy you  
 And I can not tell a lie  
 You know with me you'll never have those things

But glitter and gold (glitter and gold)  
 Never can keep you warm at night  
 Glitter and gold (glitter and gold)  
 Never can make the wrong love right

Girl you're gonna find  
 You'll have my sweet sweet lovin' on your mind

You'll be eatin' caviar  
 And riding in a chauffeured car  
 And all your friends will say how lucky can she be

He'll be keepin' you in style  
 But you'll remember all the while  
 The happiness you used to have with me

Glitter and gold (glitter and gold)  
 Never can make the wrong love right

Girl you're gonna find  
 You'll have my sweet sweet lovin' on your mind

Glitter and gold (glitter and gold)  
 Glitter and gold (glitter and gold)  
 Glitter and gold (glitter and gold)  
 Glitter and gold (glitter and gold)
