

The Everly Brothers - Nashville Blues

Tom: C

A letter just came from Nashville
 My sweet baby says she's blue
 Gotta get back to Nashville
 Or my heart will break in two
 Oh I miss her so I just gotta go
 I've got the Nashville blues
 Gotta get back to Nashville

Cause that's where the good times are
 Ever since I left Nashville
 The kicks ain't been up to par
 I'm lonely and low I'm livin' too slow
 I've got the Nashville blues
 Wanna go see my Sally
 And tell her that I still care
 Want to see Printer's Alley
 And dig all the cool spots there

Acordes
