

# The Everly Brothers - Nashville Blues

Tom: C

A letter just came from Nashville  
 My sweet baby says she's blue  
 Gotta get back to Nashville  
 Or my heart will break in two  
 Oh I miss her so I just gotta go  
 I've got the Nashville blues  
 Gotta get back to Nashville

Cause that's where the good times are  
 Ever since I left Nashville  
 The kicks ain't been up to par  
 I'm lonely and low I'm livin' too slow  
 I've got the Nashville blues  
 Wanna go see my Sally  
 And tell her that I still care  
 Want to see Printer's Alley  
 And dig all the cool spots there

## Acordes
