

The Everly Brothers - Oh So Many Years

Tom: C

All these many years I've loved you no one has ever known
 No one has ever known but you alone
 I've kept it locked inside my heart and smiled through all my tears
 My darling I have loved you oh so many years

Each night within my lonely room I cry dear over you
 And pray to God that things will turn out right
 But when the dawn of day appears I brush away my tears

My darling I have loved you oh so many years

I'll go on pretending that my life is oh so gay
 And happy dear without you by my side
 When all the time my heart is longing just to have you near
 My darling I have loved you oh so many years

Maybe faith will lead us down a path where we will meet again
 And then we'll both be free to love anew
 Then one sweet kiss from your dear lips will banish all my fears
 My darling I have loved you oh so many years
