

The Everly Brothers - Shady Grove

Tom: G

Beyond this ^G maze of city streets beyond these painted faces
 There's a road that leads to cool green fields
 And girls that dress in laces
 Everyone has a front porch swing every house a parlor
 When the throat is dry an? parched with thirst
 There's more than just spring water
 Shady Grove my little miss Shady Grove my darlin'
 Shady Grove my little miss come with me to Harlan

Chestnut hair in the mornin? sun looks like it?s on fire
 She's long she's lean she won't run she fills me with desire
 Kentucky eyes look up at me from a bed of yellow daisies
 The sun is warm her kiss is hot she's gonna drive me crazy
 Shady Grove my little miss Shady Grove my darlin'
 Shady Grove my little miss come with me to Harlan
 Shady Grove my little miss Shady Grove my darlin'
 Shady Grove my little miss come with me to Harlan
