

# The Everly Brothers - Step It Up And Go

Tom: C

Nickel is a nickel dime is dime  
 Get you a girl you can have a good time

You gotta step it up and go you gotta step it up and go  
 Well you can't stand back you gotta step it up and go

Two old maids sittin' in the sand  
 Each one wishin' that the other was a man

Shootin' dice got your money on the floor

Up comes a law and knocks on the door

She may be old and ninety years  
 But she ain't too old for to shift her gears

Jumped in the river started to drown  
 Thought about my woman and I turned around

I knocked on the door about half past ten  
 She said listen here baby you can't come in

Woh-oo-oh woh-oo-oh woh-oo-oh woh-oo-oh  
 Woh-oo-oh woh-oo-oh woh-oo-oh woh-oo-oh

## Acordes
