

Everton Silva - Astronauta

tom:

Intro: G Cadd9 D Em7

Como se fosse o mar, iria até as nuvens pra te encontrar

Você nunca iria me duvidar, se o amor passará

Se ainda me conhece, você vai passar a me preocupar

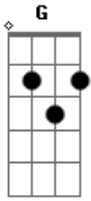

Entre os universos eu vou te encontrar
Tenho motivos pra te encontrar, te encontrar

O que eu posso fazer, se o motivo é ter você

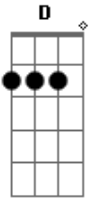

Ainda mudo de palavras pra te ver

Se o meu mistério é te ter, se meu astronauta você vai saber
