

Exaltasamba - Samba Alegria

Tom: C

Intro: Am F Dm Bm7-

Lê lê lê lê lê lê lê lê lê lê lê lê lê lê lê

lê lê lê lê

Samba tira a pé do chão se solta e samba

O seu coração já bate samba

Entra no compasso dele e vai pro samba vai pro samba

Samba, entra na magia desse samba

Traz a sua voz pra voz do samba

Pois o nosso lema é a união sem discriminação

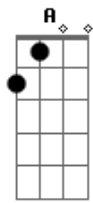

Faz um dois um lá e cá, deixa o corpo balançar

Quando menos perceber, o meu samba é com você

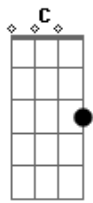

Na segunda no refrão sem querer vai bater na mão

E aí vira carnaval alegria é geral
